

*Gracious Thanks from Lori Kazmierczak
International Services of Hope/IMPACT (ISOH/IMPACT)*

Thank you to our friends in Charlotte for their generous outpouring of support. Medical teams are in the hospitals and clinics (Baptist Haiti Mission and Double Harvest Hospitals) on the ground in Haiti working tireless hours treating patients affected by the earthquake.

Delivery of medical supplies will be a continued effort of ISOH/IMPACT as a first priority. Carolinas Medical Center (CMC) in Charlotte is a crucial link to helping us make that happen.

Please continue to pray for the people of Haiti and the many teams, medical and otherwise, opening their hearts and hands to respond.

Lori Kazmierczak, ISOH/IMPACT

*Update from Linda Green, Director, on the ISOH/IMPACT
Twitter page: <http://twitter.com/ISOHIMPACT>*

"We have done 100 surgeries in 4 days & have seen about 1600 patients. A baby boy was born today at Double Harvest hospital. New life in a chaotic situation! Our doctors are exhausted! Pray for stamina."
