

M E T R O L I N A

EDUCATOR CONNECTION

For Christian Educators, Youth Directors and Ministers Who Work with Christian Education

Thursday, March 11, 2010, 11:00-3:00 PM
at Bethelwoods Camp and Conference Center (York, SC)

Registration Deadline: March 4, 2010

~Our Spiritual Brain~

Brain research is about making discoveries. It is about learning how this most amazing organ works and how it influences every aspect of your life. Religious educators need to know how the brain functions and how to translate that information into better, more usable lessons to help students continue, with depth and purpose, on their journey of faith.

Participants will experience:

- ❖ a brief background of the brain research that is fascinating so many people in so many fields today.
- ❖ brain-based learning.
- ❖ practical applications to Christian education based on the findings in brain research.
- ❖ fun ways to include "brain breaks" into teaching/learning experiences.

Barbara Bruce is an educator with a passion for learning about learning. She is fascinated with how the brain influences all we do in every aspect of our lives including our spiritual enrichment. Barbara has a BS in education, an MS in Creative Studies and a Certificate in Gerontology. She is a nationally known speaker and author of eight books including: *Out Spiritual Brain - Integrating Brain Research and Faith Development* and *Mental Aerobics - 75 Ways to Keep Your Brain Fit*.

The fee for this program is only \$20. This includes lunch. Please pre-register and pre-pay by Thursday, March 4th. Walk-ins will be \$20 but will NOT include lunch. Directions to Bethelwoods are available at www.bethelwoods.org.

This event is a joint program of Providence Presbytery, Charlotte Presbytery, Bethelwoods Camp and Conference Center.
