### QUESTIONS FOR CHURCHES TO CONSIDER BEFORE CONTACTING A TECHNOLOGY CONSULTANT

1. How is your church hoping to use technology to connect with your community? (prayer group, Bible Study, worship, etc)
2. Has your church done any of this before? If so, to what degree?
3. What type of people/equipment resources does your church already have? (Mics, Tripods, PA System, etc)
4. Is there anyone who knows how to record video/edit/add graphics?
5. Who will be the contact and decision maker(s) for the church in this effort? (Task Force or Individual)
